Welcome to Iceland!

On arrival at Reykjavik Airport you will be welcomed by a laterallife representative and transferred in a Luxury Suburban 4WD to your hotel. On the way you may wish to enjoy a late lunch (optional) at Bryggjan Authentic Fisherman Restaurant. Make a stop at Seltun Geothermal area where you'll discover an expanse of steaming volcanic vents and boiling hot springs, framed dramatically by a range of multi-coloured hills. Steps from the dramatic geothermal area lies the sweeping blue expanse of Lake Kleifarvatn.

In the evening enjoy a 3 course meal at Áslundur Lakefront Villa/Lodge prepared by a Private Chef. After dinner if the conditions are right and forecast is good, your guide will take you out for a Northern lights hunt. Enjoy a private session with an Icelandic Astronomer on the stars and Northern Lights. Due to limited light pollution in Iceland it is a great location to witness this phenomenon.

Seljalandsfoss is one of the best known waterfalls in Iceland and is located in the South Region. The waterfall drops 60 m (197 ft) and is part of the Seljalands River that has its origin in the volcano glacier Eyjafjallajökull. One of the interesting things about this waterfall is that visitors can walk behind it.

Take to the skies and see mountain tops, volcanos, geothermal areas, valleys and waterfalls. Nothing reveals the incredible geology and surreal beauty of Iceland better than a helicopter tour. This is followed by a private Snowmobile Tour on Langjokull Glacier. Iceland in one of a few places in the world where you can experience the thrill of snowmobiling on a glacier the year around.
