Day 2 - Arrive in Johannesburg & Onwards to Victoria Falls

On arrival in Johannesburg, catch your onward flight to Victoria Falls where you will be met by your lateral**life** representative and transferred to the boat jetty where you'll board a speedboat and head upstream for approx. 15mins to reach Victoria Falls River Lodge. Stay here for the next 3 nights.

After settling into your room, head out on the mighty Zambezi on a sunset cruise included in your stay at Victoria Falls River Lodge (shared basis). Keep an eye out for mainly hippos, elephants and birdlife as you cruise the river and enjoy sun-downers. Welcome to Africa!

Victoria Falls, on the border between Zimbabwe and Zambia, has some of the most breath-taking views you'll ever encounter on the African continent, if not the world. The massive sheet of falling water and the spray it produces is mesmerizing to say the least. The Devil's Pool, on the Zambian side is one of the most exciting things you can do. On the very edge of the Victoria Falls there is a rock wall that creates a pool that you can swim in when the current isn't too strong. You can peak over to the 108 meter drop just below the edge. It's as amazing as it is nerve wrecking. The Victoria Falls and the spray it produces sustains an ecosystem that supports many animals and plants.

Known as both an adventure centre and romantic getaway, there is an excellent selection of things to see and do in Victoria Falls, from a mist-soaked stroll to the viewpoints that run the length of the falls to adrenaline-packed activities like white-water rafting and bungee jumping. There are canoe trips, river cruises, elephant safaris and fishing trips available in Vic Falls, as well as first-rate national parks to visit nearby.

The concentration of game along the Luangwa River and its associated ox-bow lagoons is amongst the most intense anywhere in Africa. It is truly an un-spoilt wilderness.

The meandering Luangwa River teems with hippos and crocodiles and provides a lifeline for a great diversity of habitat and wildlife. With over 60 species of mammals and over 400 species of birds, the South Luangwa National Park has earned its excellent reputation. It is home to two endemic species, the Thornicroft Giraffe and Cookson's Wildebeest and is one of the best parks in Africa to view leopards in their natural environment. Kaya Mawa
Kaya Mawa, set on the quaint Likoma Island, was built entirely by hand in conjunction with the local community and is designed cleverly with the rooms built into the rocky headland on which it is set. The feel here is generally Robinson Crusoe-esque with 11 thatched chalets, one private house which is perfect for a family or small group and a pristine golden sand beach. Kaya Mawa means 'maybe tomorrow' and you may find with that in mind you just want relax on the beach and soak up the atmosphere. However water activities aside you can also walk or bike unguided into the local fishing villages to see the markets, textile workshop or one of the many community projects.

Kaya Mawa is both architecturally innovative and full of character, as befits this unique and unspoilt location on Lake Malawi. Built entirely by hand in conjunction with the local community, who benefit from the lodge, Kaya Mawa accommodation consists of eight stone, teak and thatched cottages. Each cottage has a private terrace with views over Lake Malawi with a path leading down to the water, a giant mahogany four-poster bed, en suite "loo with a view", shower and sunken voluminous stone bath. The romantic honeymoon house, Ndomo Point House, is on its own private island, reached by a raised walkway with the largest bed in Malawi. There are also two family cottages.

As well as the lake, there is a swimming pool, sundeck, dining room and a bar at Kaya Mawa. Dinner is either served on your own private terrace or with other guests in the dining room, or more usually under the stars on the roof terrace. Down on the beach is a beach bar with cushions and chairs. The daily activity schedule is very flexible at Kaya Mawa. You may like to keep active all day long, others want to do nothing but relax on the beach and most guests want a balance between the two. The lodge team will liaise with you and then arrange a schedule around your needs.
